NeuroRehabilitation Sunshine Coast Centre of Excellence
Advanced Cervical Dystonia Convention, 22nd - 24th March, 2027
Peppers Noosa Resort, Queensland

Registration is open to attend the NeuroRehabilitation Sunshine Coast Centre of Excellence Advanced Cervical Dystonia Convention, to be held at the Peppers Noosa Resort in Queensland from 22nd to 24th March, 2027. The education event is a 3-day cervical dystonia and ultrasound convention which is exclusively open to accredited registrars and consultants in rehabilitation medicine and neurology. The course will focus on identifying muscles commonly affected in cervical dystonia with ultrasound. Case discussion and journal reviews will also form part of the meeting. It is hoped that this workshop will assist you to develop the expertise and confidence required to offer treatment for cervical dystonia in your clinical practice using ultrasound. No injections will be performed as part of this course.

It is expected that participants will already have a sound understanding of anatomy prior to attending the course. Teaching will be provided by Dr Warren Jennings-Bell, Dr Jom Jiao and Dr Juan Rois, who have developed expertise in performing ultrasound-guided botulinum toxin injections for spasticity and cervical dystonia.

The number of convention positions are limited and available on a first come first served basis.
